

MA4198 PROJECT PROPOSAL (PROJECT CUM SEMINAR GROUP)

SUPERVISOR'S INFO

Name:	CHIN Chee Whye
Email:	cheewhye@nus.edu.sg
Tel number:	65166578
Office location:	S17-07-14

PROJECT ID: PS2610-01

TITLE

Gamma function

BRIEF DESCRIPTION OF PROJECT

Develop the general theory of the gamma function and explore some of its lesser-known properties.

EXPECTATION/S

Students will (1) translate a historical text on the gamma function, (2) modernize its exposition, and (3) establish the mathematical results explained in the text.

PREREQUISITE/S (at level 3000 or below, with at most one course at level 3000)

MA3211, MA2108

READING REFERENCE/S

Maurice Godefroy, *La Fonction Gamma: Théorie, Histoire, Bibliographie*, Paris, Gauthier-Villars, 1901.
